

2018 ANNUAL REPORT
 ANSWERS FOR ANGELS
 P.O. BOX #607
 Frankfort, IL 60423

January 29, 2019

Dear Friends,

Answers for Angels could not have accomplished all that we have, if it weren't for the extraordinary generosity from the community of supporters & volunteers that we embrace as partners in bringing about all of the year's triumphs & tribulations.

Our all-volunteer nonprofit organization was busy with efforts to strengthen our mission, with a couple of setbacks, that included:

- Linking up with Patient Navigators from the American Cancer Society as a supportive & educational resource to patients. We're informing & supporting patients seeking research-based alternative/integrative treatments to healing from cancer. (Find AnswersForAngels.com on their website Resource page: <https://www.cancer.org/content/cancer/en/treatment/support-programs-and-services/resource>)
- Hosting our 3rd annual Answers for Angels 5k race on July 8, 2018. This event raised the highest amount of funds with support from foundations & T-shirt sponsors
- Presenting Melondy Reed the \$500 November Lung Cancer Awareness award in memory of Chuck Eaheart & James Hawes
- Having a record number of patients (27) entering into our program in 2018 than in previous years
- Continually working with grant writers from Grant Staff to expand our program to receive \$30,000 in funding from foundations. Unfortunately, we are coming up short on this endeavor to increase foundations supporting our program

As you can see from the Financial Statement on the other side, our volunteers are operating on a tight budget. We're reviewing cutting costs in administrative, operational & in fundraising efforts.

Thank you very much for your past support & we look forward to welcoming others as partners in our mission.

Program Costs: \$7,732

Grant Money (awarded to 27 people this yr.)

Answers for Angels have raised funds for children, adults, & families since 2009. The main method of our fundraising is the annual AFA 5k Race. With money raised:

- We provide Well-being Grants to patients seeking alternative/integrative treatments while following conventional methods. Our grant pays for a consultation with integrative oncologists, supplements, & practitioners that many health insurance policies do not cover. For patients following conventional methods, we provide gift cards/certificates or pay a small bill in the patient's name.
- We help many patients who face financial hardships because of increased cost of medical bills & because they are unable to work due to aggressive cancer treatment & schedule.
- For younger patients we provide a small gift & gift cards to their favorite store to animate the child & to improve their spirits as they cope with cancer & cancer treatments.

Donors, Supporters & Volunteers

Donors: Marge Eaheart; Tricia & Daryl Gunter; Bob & Katie Davis; Terese & Wally Goga; Jim & Anita Goga; Barb Johnson; Kim & Chuck Eaheart; Target; Home Depot; White Sox; Chgo. Please Consider Helping

There are many people touched by cancer, & the need for assistance always outweigh our financial resources.

If you would like to help, please:

- Make a donation by going to our website, www.AnswersForAngels.com or by check to P.O. Box 607, Frankfort, IL 60423
- Host a fundraiser of your own choosing
- The AFA 5k Committee is meeting in February & they could use more volunteers. Please contact KatieDavis@AnswersForAngels.com for more information

Thank you for your kindness.
